

What happens on the farm each month?

View - [‘A year on our Farm’ by Penny Matthews’](#)
to complete the calendar task below.

1. Use different colours to **SHOW** which months make up different seasons (summer, autumn, winter and spring).
2. **PLACE** a ‘tick’ in the months when the farmers would need to provide their animals with extra feed and regularly check their water supplies due to heat and lack of rain.
3. Use a ‘cross’ to **SHOW** the months when the farm’s water tanks could be over flowing if they had good rains.
4. Use a ‘flower symbol’ to **SHOW** the months when the farms trees might be in blossom.
5. Use a ‘leaf symbol’ to **SHOW** the months when the farm’s trees might be losing their leaves.
6. **SELECT** the month of March and show how long it might take to plant cabbages and cabbages and carrots.
